Profile

Established in the year **1997**, at **(Ahmadabad, Gujarat)**, we, “**Om Enterprise**” take immense pride in introducing ourselves as the leading **Trader** and **Supplier** of flawless measuring instruments and different purpose machines. With more that 15 years of experience in this domain, our organization have come up with a wide range of precision engineered machine components like **Digital Read Out, Linear Scale and Closed Magnetic Scale**. These products are precisely manufactured using high grade raw material and cutting-edge technology under the supervision of quality controllers at our vendor’s end. We put endless efforts to hire an appropriate vendor that is making good business in the marker and high on quality. Our vendors make use of contemporary machines & equipment to manufacture these instruments and machines in compliance with the international quality standards. Moreover, our machines impart high performance, durability, sensitivity, strength, long service life, corrosion resistance, accurate measurement etc. We offer these products in various specifications and can be custom designed as per the needs of the clients.

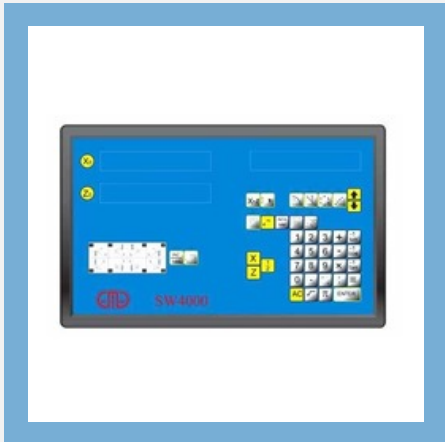

Our vendors that have been the backbone of our organization are backed by hi-tech infrastructure and a skilled team of professionals that enable them to manufacture only best-in-class products. They have segregated their infrastructure into numerous units such as production, quality control, research & development, packaging, marketing & sales in order to enhance their productivity and meet the requirements of the clients. Furthermore, they have equipped each of their units with latest and contemporary machines and tools. Thus, we assure our clients that all our products are procured from these reliable vendors that ensure their authenticity. By offering superior quality products to our clients, we are capable of attaining maximum satisfaction of them.
